Other faculty members who do not generate professional income may become Members upon recommendation of the department chair and approval of the President or a designee. This Plan may apply to faculty members who do not generate professional income, as determined by the President at the time of appointment or reappointment of the Member.

3.1.1 All Members shall be entitled to vote upon business brought before the membership and be eligible for election or appointment to a committee of the Plan.

In the case of mail ballots, each voter shall receive a plain envelope in which to enclose a marked ballot, and a second envelope addressed to the Secretary to be used for the return of the sealed ballot. The envelope addressed to the Secretary shall have a space for the signature of the voter. Ballots lacking this validating signature shall be deemed void.

B. For electronic voting, the Secretary shall utilize a system that verifies each voter’s identity and maintains security.

9.1.3 **Incentive Compensation.** Incentive compensation, if any, is that part of a Member’s compensation for performance that is not fixed and is determined through the application of an established and equitably applied formula that rewards outstanding performance and productivity and also factors in any negative aspects of a Member’s performance or productivity. Incentive compensation may be based in any aspect of a Member’s duties, such as teaching, research, public service, clinical productivity, awards of grants or other types of research funding, teaching, service to the institution or any other facet of job performance.

9.2 **Appeal of Compensation Determination.** A Member may appeal a compensation determination according to the appeals procedure set forth in the Compensation Plan.
